## Jenny Sjö Dahl is appointed President and CEO of Beijer Electronics Group AB

*The Board of Directors of Beijer Electronics Group AB has appointed Jenny Sjö Dahl as President and CEO in the company. Current President and CEO Per Samuelsson turns 65 later in the year and therefore leaves his post for retirement according to plan. Jenny Sjö Dahl will take up her new role on 1 March 2022.*

Jenny Sjö Dahl, born in 1973, holds an MSc and has been active within the Group since 2016. She is currently CEO of the Westermo business entity and previously held the role of Vice President Sales. In addition, during her more than 18 years at ABB in Sweden and Singapore, Jenny has held a number of positions in sales, marketing and various management positions.

Jenny will remain in the role as Managing Director of Westermo.

"I am very pleased to be given the task of leading a company with such strong expertise and ability to constantly further develop its offering to meet customer requirements. I look forward to working together with Beijer Group's employees, customers and Board to take the next step in the company's development and deliver on our ambitious plans", says Jenny Sjö Dahl.

"It is with great confidence that I hand over a future-oriented Beijer Group to Jenny Sjö Dahl. She becomes the head of a competent and professional organization with a strong customer offering aimed at several emerging markets", says Per Samuelsson.

"It is gratifying to announce the appointment of Jenny Sjö Dahl as President and CEO of Beijer Group. We in the Board have known Jenny for a long time and we appreciate the continuity the appointment entails. We look forward to our future cooperation", says Bo Elisson.

"At the same time, I would like to thank Per Samuelsson for his outstanding contribution over the past six years as President and CEO. Under his leadership, the Group has transformed into an innovative technology company that is now showing strong growth and improved profitability with great potential. The order pace and market capitalization have almost doubled, and the company has now recently been promoted to Nasdaq's Mid Cap-list", Bo concludes.
